EDUCATION

Indira Gandhi Delhi Technical University for Women <i>Second Year, B.Tech in Computer Science (Specialization in AI) CGPA: 9.5/10.0</i>	2024 – 2028
Sant Gyaneshwar Model School (CBSE Class XII) <i>Percentage: 89%</i>	2024 Batch
Chhotu Ram Public School (CBSE Class X) <i>Percentage: 96.5%</i>	2022 Batch

TECHNICAL SKILLS

Languages: Java, JavaScript, Python (NumPy), HTML5, CSS3
Frameworks/Libraries: React.js, Node.js, Express.js, Vite, Tailwind CSS, Bootstrap, Socket.io, WebRTC
Databases/Cloud: MongoDB (Mongoose), MongoDB Atlas, MySQL, Cloudinary
Tools: Git, GitHub, Figma, VS Code, Vercel, Hugging Face
Coursework: Data Structures & Algorithms (Java), OOP, DBMS

EXPERIENCE

Research Intern, DRDO - SAG Lab <i>Scientific Analysis Group (SAG)</i> - Architecting a YOLO-based detection pipeline to analyze model accuracy and human misclassification (hallucinations) within complex datasets. Working on 5,000+ samples. - Implementing frequency analysis using Hugging Face and LAION-400M to extract object metadata, boundary boxes, and author technical research reports.	January 2026 – Present
Summer Intern, AI-powered Full-Stack Development (Certificate) <i>Indira Gandhi Delhi Technical University for Women Repo Link</i> Developed a React-based mental health platform integrating Google Gemini API for high-accuracy sentiment analysis. Architected modular wellness features and a crisis journal, reducing user navigation time by 30% through an optimized UI layout.	June 2025 – July 2025

PROJECTS

TravelCravings <i>Node.js, Express.js, MongoDB, Passport.js</i> Visit Now Repo Link Engineered a high-performance travel aggregator handling 50+ destinations with interactive maps and category filters. Leveraged Mapbox API to implement geocoding features. Integrated Passport.js to secure user authentication and refactored the frontend using EJS and Bootstrap, significantly improving mobile responsiveness.
UrRoomsy <i>React.js, Node.js, Socket.io, WebRTC, MongoDB</i> Visit Now Repo Link Architected a full-stack video conferencing platform using WebRTC and Socket.io for seamless real-time communication, featuring instant joining via unique room IDs and integrated chat. Engineered a secure backend with JWT-based authentication and session management, implementing MongoDB to track and store user meeting histories.
StudyHub Resources <i>MERN Stack, Vite, TailwindCSS</i> Visit Now Repo Link Pioneered a centralized academic repository serving 2000+ IGDTUW students; aggregated 200+ notes, internships, and scholarships into a searchable interface. Contributed to the development of the CGPA Calculator, Societies module, and backend functionalities.

ACHIEVEMENTS

Hackground India 2k25 Finalist: Led a team of 4 to secure a Top 17 position among 1,200+ participants. [Certificate]
Flipkart Grid 7.0: Outperformed 90% of 1.6+ lakh participants nationwide to advance through competitive rounds. [Shortlisting Mail]
Smart India Hackathon '25: Ranked in the Top 50 teams at IGDTUW internal selection round.
Reliance Foundation Scholar: Selected as a national finalist among 1 lakh applicants based on academic merit.

POSITIONS OF RESPONSIBILITY

Techneds IGDTUW <i>Technical Core Team Member</i> Orchestrated technical workshops with 150+ attendees; contributed to the development and maintenance of the society's official website.	2025 – Present
Finivesta IGDTUW <i>Content Team Coordinator (Certificate)</i> Curated financial literacy content for students, increasing social media engagement and reach via targeted campaigns.	2024 – 2025
